ANNUAL
CONFERENCE

PEER-TO-PEER SESSION
July 19 | 8:30-11:15AM
Dana Gill | Facilitator

HEARD OF
SPEED
DATING?

SESSION DESCRIPTION

The format for this session is a problem-solving peer round table. This session will allow participants to share issues they are experiencing in their office and/or community, and gather feedback and solutions from their colleagues.

Participants will be asked to share their wisdom and experience to help their peers solve problems, and gain helpful insights along the way.

LET'S GET ORGANIZED

- Select your key issue to share and write it on your own form under Problem #1.
- Be sure you know your Table Facilitator, who will track each issue on a form that will be shared with Dana/Brady during the break.

GROUP SPEED SOLVING

- 10 minutes total will be spent on each issue:
 - 2 minutes to describe your problem;
 - 8 minutes to discuss solutions.
- **Each person must offer a helpful thought or solution for each problem.**
- Packets include a form for you to take notes on your own issue, as well as other problems and solutions that are shared.

TIME TO REVISIT ISSUES

- HAVE NO FEAR, there will be time to go back and address any issues you didn't finish or would like to continue discussing as a group!
- PLEASE follow the original timing to be sure that everyone gets their first 10 minutes of sharing and solutions.

NOW, LET'S GET SOLVING!

15 MINUTE BREAK!

Table Facilitators, please bring your issue summary sheet to Dana or Brady.

Thanks!

#1 PROBLEM
